9 24/06	Retrieval Practice
10 06/07	Learning intentions and success criteria

The structure of the sessions:-

**Intro** - focus of the session

**Feedback** - how have you you got since the last session/how was the last focus area

**Main focus** - new/embedding learning of focus

**Action plan** - When/where/how - paired/small groups practice

**Review** - Are we all aware what we are looking for?

The hope is that this will be a more peer reciprocal coaching format where we are all working together on the areas outlined above.

**ECT 1** - Will also need a session on parents evening and parent communications
