

Wednesday 24th June 2026

Dear Parent/Carer,

After reviewing the latest hot weather forecast for the next two days, we have taken the decision to close the school early on Thursday 25th and Friday 26th June.

The temperatures are forecast to rise to very high temperatures in the afternoon on both days and this presents a risk to students' health and wellbeing. We have a very limited number of air-conditioned rooms and the conditions in the afternoon may present health issues for students.

Year 7 -11

All students will leave at 12.35pm on Thursday and Friday. If students are entitled to free school meals, please complete this form and request a packed lunch for your child to collect before they leave. [Free School Meal - Packed Lunch Request Form](#)

Post 16

Year 12 students will still be expected to attend for their exams, which will take place in air-conditioned classrooms. Please note that The Pod will be closed and no food service will be available during the afternoon. Students attending examinations should ensure that they bring sufficient food and drinks with them for the day.

The Phone Pouch Parent Information Evening scheduled for tomorrow will be rescheduled to Tuesday 30th June at 6pm. Further details will follow.

Please ensure that your children stay safe, hydrated, wear sun cream and do not attempt to cool off in open water. (Link?)

Thank you for your support

Ms K Smith
Headteacher
