Guide to Access Science Educake Homework

This year, the Science Department will be using **Educake** to set homework for all students.

Accessing Educake is simple. Click on the link below and select **"Sign in with Google"**. If you are already signed in to your school Google account, you will be taken directly to your Educake account. If not, you will be prompted to log in using your school email address.

Educake Login:
https://my.educake.co.uk/student-login

Homework Schedule

Science homework will be set every **Monday in Week A** and will remain available until **the following Monday in Week A**, when it is due for completion.

Need Help Logging In?

If you experience any difficulties accessing Educake, please use the support guide linked below, which provides step-by-step instructions for logging in.

We have also included video guides for both students and parents. These videos explain how Educake is used for homework, as well as how students can make use of the platform independently as an effective revision tool throughout the year.
