

Y11 Textiles Curriculum Summary

Term	Unit / title	Threshold concepts / core knowledge / links to previous and future learning	Formative (interim) assessment / homework	Formal assessment
1	AQA Textiles Marine Life	Students and will learn a new technique of plastic fusing. They will develop their ideas and find imagery of their own, which will enable them to create a personal response. They will develop increased independence as the course progresses. These skills can be used to make informed creative choices in future courses.	Knowledge organiser - keywords. Artist research. Observations which retrieve key skills and build up portfolio.	Feedback each term. Portfolio of work in the form of sketchbook and larger pieces.
2 & 3	Externally Set Assignment	A set of questions provided by the exam board, of which students choose one option to use as an initial starting point. This starting point is then developed to include artist research, observations, development of ideas and a final response.	Knowledge organiser - keywords. Artist research. Observations which retrieve key skills and build up portfolio. Mock Examination.	Examined.
